Vice Chair Petty and Directors Linden and Muir were absent. Directors McMillan and Watton arrived at 9:12 a.m. and 9:27 a.m. respectively. Other Board members present were Directors Arant, Blackburn, Bond, Bowersox, Dion, Hogan, Jungreis, Knutson, Mudd, Price, Saxod, Smith, Tu, Wight and K. Williams. At that time, there was a quorum of the Board and the meeting was conducted as a meeting of the Board; however, only committee members participated in the vote.

Staff present included General Manager Stapleton, General Counsel Hentschke, Deputy General Managers Belock and Kerl, Assistant General Manager Cushman, Director of Water Resources Weinberg, Water Resources Managers Purcell, Roy and Yamada, Principal Water Resources Specialist Frieauf, and Senior Water Resources Specialists Bombardier, Espe and Gage.

ADDITIONS TO AGENDA

There were no additions to the agenda.

PUBLIC COMMENT

Chair Saunders reported two members of the public had submitted speaker request forms. Livia Borak and Marco Gonzalez, each of Coast Law Group/Coastal Environmental Rights Foundation, spoke to the issue of conducting a public workshop related to a water purchase agreement with Poseidon Resources. Ms. Stapleton responded that a variety of conditions precedent would be required to be completed by Poseidon before a workshop would be scheduled.

CHAIR'S REPORT

Chair Saunders shared a brief report, commenting on the record low temperatures of July resulting in the lowest water deliveries to member agencies in ten years. In addition, having recently received the preliminary water allocation target for fiscal year 2011 from Metropolitan, Water Authority staff would report on deliveries versus targets and member agency allocations at the September committee meeting.

DIRECTORS' COMMENTS

There were no Directors' comments.

I. CONSENT CALENDAR

1. Resolution establishing revised preliminary informal terms and conditions for the Yuima Municipal Water District's proposed Pauma Ranch annexation.
Staff recommendation: Adopt Resolution No. 2010-___ establishing revised preliminary informal terms and conditions for the Yuima Municipal Water District's proposed Pauma Ranch Annexation, and requesting Metropolitan Water District of Southern California grant conditional approval and give notice of intent to impose water standby charges.

Director Dion moved, Director Steiner seconded, and the motion passed unanimously.

II. ACTION/DISCUSSION

There were no action/discussion items on the agenda.

III. INFORMATION

1. Presentation on City of San Diego Water Purification Demonstration Project by Marsi Steirer, Interim Assistant Public Utilities Director.
2. Presentation on El Monte Valley Project by Mark Weston, General Manager, Helix Water District.

At the conclusion of the presentations, Mr. Weinberg added that both projects were supported by the Integrated Regional Water Management Planning process, had received Proposition 50 funds, and would stand a good chance of qualifying for Proposition 84 funding.

3. Presentation on 2010 Urban Water Management Plan schedule and preliminary draft 2035 Baseline Municipal and Industrial Water demand forecast.

Ms. Gage opened the presentation with an overview of the 2010 Urban Water Management Plan, its preparation process and its near-term schedule. Jack Kiefer, Ph.D., Senior Associate with Hazen and Sawyer, followed with information on the CWA-MAIN (County Water Authority-Municipal and Industrial Needs) model used to forecast demand projections. Mr. Bombardier presented information related to preliminary forecasts on baseline Municipal and Industrial demands.

Staff responded to questions posed by Director Steiner, and confirmed that over the next few months conservation aimed at a 20% reduction by 2020 would be included in demand projections.

4. Update on short-term pilot water transfer between San Juan Water District, Santa Clara Valley Water District and the San Diego County Water Authority.

Ms. Espe provided a brief update on the pilot transfer and the decision to roll the program forward to calendar year 2011. In response to a question posed by Director Steiner regarding why a water transfer recently proposed by Irvine Ranch Water District was approved by Metropolitan's board, while Metropolitan did not consent to the Water Authority's transfer. Mr. Cushman assured that staff would pursue a number of different options with MWD to effectuate the 2011 pilot program.

The following item was received and filed:

5. Water Resources report.

DIRECTORS' COMMENTS

Director Lewis requested a copy of the interview to be shown to constituents. Mr. Cushman responded CNBC would be contacted to get permission to air the interview locally.

I. CONSENT CALENDAR

There were no Consent Calendar items.

II. ACTION/DISCUSSION

1. Legislative Issues
- 1-A Report by Carpi and Clay.

Mr. Carpi reported on issues in Sacramento and Washington, D. C.

Director Price asked what was the correct definition of navigable waters of the United States and Mr. Carpi responded that Congress was currently working on a definition. Mr. Hentschke stated that the Western Urban Water Coalition was heavily involved in that issue, the Water Authority was using the current version, and stated that the Water Authority did not want to lose any benefits to move and transfer water.

2. Water Shortage Management and Drought Response Communications quarterly update.

Ms. Vedder provided a presentation, including a graph depicting urgent outreach plans based on regional water use, regional outreach and events, 20GallonChallenge.com visits, and fall conservation messaging.

Director Steiner suggested partnering with member agencies to use existing marketing materials to save money. Ms. Vedder stated that staff met with the Joint Public Information Council every other month to discuss such opportunities.

Director McMillan requested the Board be advised if there was a water use decrease due to price, as opposed to messaging. Ms. Stapleton advised that it might be possible to measure decreases from devices, but decreases due to price or messaging are harder to measure. Vice Chair Saxod suggested a workshop to explore what measures really drive water use decreases and form policies to support those measures. Ms. Stapleton stated that a workshop would be held in September and results brought back to the Board.

III. INFORMATION

1. Presentation on the effect of postponing the water bond on the other Bay-Delta bills.

Mr. Volberg provided a presentation, including background on the water bond postponement, the four related policy bills, and a summary of each. He stated that there was no effect at this time. However, he stated that if the bond was further delayed or did not pass, then there would be serious problems with the delta governance, groundwater issues, the 20 percent by 2020 conservation goal, and water diversion reporting.

2. Water Conservation Garden report.

Director Bowersox reported that there was no board meeting in August and the new logo would be funded by a grant from the Hans Doe Charitable Trust.

The following items were received and filed:

3. Government relations update.
4. Status report on legislation and legislative positions.

1-A Metropolitan Water District's Delegates report.

The delegates reported on discussions and actions taken at the recent MWD board meetings.

1-B Metropolitan Water District Proposed Budget for fiscal year 2011/12.

Senior Water Resources Specialist Espe gave a presentation on MWD's adopted fiscal year 2011/12 budget. She discussed the assumptions that MWD used to develop the budget, major costs and rate drivers, departmental budgets and MWD's capital improvement program.

Following the presentation, directors asked questions and made comments.

1-C Update on Metropolitan Water District's 2010 Integrated Resources Plan process.

Ms. Chen and Mr. Cushman gave a presentation on MWD's Integrated Resources Plan (IRP) 2010 update. Mr. Cushman stated that the IRP was the foundation for all of MWD's future decisions to fund and develop its supply projects. Their presentation discussed the history of the integrated resources planning process at MWD, the elements of the draft report, the Water Authority's concerns with the draft report, and the rate

impacts of MWD's implementation strategies. The IRP was scheduled to be adopted at the MWD board's October meeting.

Following the presentation, directors asked questions and made comments regarding the disconnect in the IRP plan between reliability and cost, the significant financial impacts, and the development of surplus water.

2. Colorado River Programs.
2-A Colorado River Board representative's report.

Director Knutson reported that there was a shortage on the Colorado River, with Lake Mead at 40 percent of capacity and Lake Powell at 64 percent of capacity which would initiate an equalization of the basins in 2011. He commented on the International Boundary & Water Commission negotiations with Mexico. Director Knutson stated that he accepted, on behalf of the Water Authority, the American Public Works Association 2010 public works project of the year award that was given to the All American Canal Lining Project.

III. INFORMATION

1. Presentation on Binational Desalination Project.

Director Watton gave a presentation on Otay Water District's binational desalination project. He stated that the Otay Water District had begun developing this project in 2005 with a private developer, without state or federal subsidies. He reviewed Otay's service area demands, and stated that demands were increasing, along with increased demand in Baja, Mexico. He stated that the location of the desalination plant in Rosarito Beach was secured by Otay's private development partners, enabling the project to move forward.

Director Watton stated that contractual arrangements with the federal power commission for access to the plant, the cooling water, and the power agreements were being concluded. He reviewed the proposed take away alignment, a 24-mile pipeline from Rosarito Beach to the international border. He stated that Consolidated Water, a Mexican company, a French bank, and a Korean company, among others, were partners in the project.

Director Watton also reviewed the facilities Otay would need to build and the estimated costs. He stated that the plant was expected to begin delivering water to the Tijuana region by 2014 and to the Otay Water District in 2015; and the Otay Water District was projected to receive 25,000 af/yr in 2015 and 35,000 af/yr in 2020. He stated that the project would need a Minute from Comisión Internacional de Límites y Aguas and International Boundary and Water Commission as well as a presidential permit.
