Chair Dion advised that another Special Meeting of the Board would be held on November 15, 2012, in addition to a Special Meeting scheduled for November 8, 2012, and that the first potential opportunity for the Board to vote on the Water Purchase Agreement would be November 29, 2012.

Director Price asked about a request submitted by the city of San Diego Independent Rates Oversight Committee for 60 additional days for analysis of the Agreement. Ms. Stapleton advised it would be the Board's decision to determine when to take action on the Water Purchase Agreement.

Director Saunders requested the alternative rates structures discussion scheduled for the November 8, 2012 Special Meeting also include the alternatives proposed by the city of San Diego. He invited Director Bailey to provide additional explanation. Director Bailey requested the addition of two alternative options as part of the upcoming rate structure discussion – proposed by the city of San Diego and presented by Director Watton. Ms. Stapleton confirmed staff was in receipt of the proposed options in addition to an option provided by Director Lewinger, and that staff would generate the additional alternatives for discussion on November 8, 2012.

Director Wight requested information for the November 8, 2012 Special Meeting that would outline specific situations that could occur if a vote on the Water Purchase Agreement would not take place by the Board on November 29, 2012, and how it would impact the cost of the water.

Director Lamb moved and Director Williams seconded a motion to approve the staff recommendation.

In discussion, Director Watton raised concern about approving a uniform contract related to the Water Purchase Agreement which had not yet been approved by the Board. He moved a substitute motion to not approve the uniform contract, to provide a form of contract to the member agencies for completion, and returning to the Water Authority with the Board approval of the Water Purchase Agreement.

Mr. Hentschke advised the Water Authority Administrative Code would not allow a substitute motion that fundamentally altered the main motion, and that the correct procedure would be to vote down the original motion and move to a new motion.

Staff responded to additional comments and questions posed by Directors Douglas, Williams, Arant, Hilliker, Lamb, Saunders and Topolovac.
