

LEGISLATION, CONSERVATION AND OUTREACH COMMITTEE

AGENDA FOR

AUGUST 26, 2010

Marilyn Dailey – Chair
Ron Morrison – Vice Chair
Elsa Saxod – Vice Chair
Gary Arant
Keith Blackburn
Gary Croucher
Mitch Dion
Frank Hilliker

Jeremy Jungreis
Vincent Mudd
Mark Muir
Yen Tu
Mark Watton
Howard Williams
Ken Williams

1. Roll call – determination of quorum.
2. Additions to agenda (Government Code Section 54954.2(b)).
3. Public comment – opportunities for members of the public to address the Committee on matters within the Committee’s jurisdiction.
4. Chair’s report.
4-A Directors’ comments.

I. CONSENT CALENDAR

II. ACTION/DISCUSSION

1. Legislative Issues.
1-A Report by Carpi and Clay. (pickup packet) Jeff Volberg
2. Water Shortage Management and Drought Response
Communications quarterly update. (Information) Denise Vedder

III. INFORMATION

1. Presentation on the effect of postponing the water bond on the other Bay-Delta bills. Jeff Volberg

- | | | |

| 2. | Water Conservation Garden report. | Jim Bowersox |
| 3. | Government relations update. | Jeff Volberg |
| 4. | Status report on legislation and legislative positions | Alexi Schnell |

IV. ADJOURNMENT

Doria F. Lore
Clerk of the Board

NOTE: This meeting is called as a Legislation, Conservation, and Outreach Committee meeting. Because a quorum of the Board may be present, the meeting is also noticed as a Board meeting. Members of the Board who are not members of the Committee may participate in the meeting pursuant to Section 2.00.060(g) of the Authority Administrative Code (Recodified). All items on the agenda, including information items, may be deliberated and become subject to action. All public documents provided to the committee or Board for this meeting including materials related to an item on this agenda and submitted to the Board of Directors within 72 hours prior to this meeting may be reviewed at the San Diego County Water Authority headquarters located at 4677 Overland Avenue, San Diego, CA 92123 at the reception desk during normal business hours.

Water Shortage Management and Drought Response Communications Quarterly Update (Information)

Purpose

This report provides an update on the outreach, advertising, and marketing campaign and other regional actions recently taken or under way as part of the Water Authority's Water Shortage Management and Drought Response Plan.

Background

Stage 1 of the Water Authority's Water Shortage Management and Drought Response Plan calls for planning and executing regional communications strategies to promote increased voluntary conservation. Stage 2 calls for enhancing existing conservation outreach activities with the support of a drought response advertising and marketing campaign to increase public awareness and immediate participation in extraordinary conservation. Stage 3 calls for these outreach activities to continue to ensure public understanding of regional water shortages and mandatory water use restrictions. The region is currently in Stage 3.

Discussion

The Water Authority's 2015 Business Plan calls for Water Resources to analyze regional water use and for Public Affairs to quickly resume marketing and advertising that promotes urgent conservation should projections indicate the region is headed toward exceeding its annual allocation target. After a year of significant water use decline, regional municipal and industrial water use increased slightly in June 2010 compared to the same month the year before. Water use is still well below the regional savings target of 8 percent below pre-cutback levels. Water Resources will analyze water use trends after the first quarter of fiscal year 2011 to evaluate if additional conservation outreach is needed. Should Water Resources indicate that this is necessary, Public Affairs is prepared to escalate advertising and marketing activities to help the region meet its mandatory water use targets for fiscal year 2011.

Staff continues to engage in outreach activities to maintain community awareness and compliance with local water use restrictions. The following are highlights of recent water shortage management and drought-related outreach activities between May and July 2010:

Media Relations:

The Water Authority issued a news release on the continuation of water supply allocations for another year to its member agencies. This release resulted in stories in *The San Diego Union-Tribune*, *North County Times*, and *Daily Transcript*. A news release on reductions in regional water use during the 2010 fiscal year resulted in two print articles and one broadcast story. Water Resources staff was interviewed on current water supplies, water use restrictions, the success of regional conservation efforts, and the Water Authority's diversification strategy for Community

Connection, a KOGO radio public affairs program. To date, 435 print and broadcast reports mentioning or discussing the 20-Gallon Challenge or calls for related water-saving actions have been published or aired in San Diego County since June 2007.

The Water Authority partnered with the Association of California Water Agencies and Department of Water Resources on their “Save Our Water” summer campaign. ACWA sponsored the Paul Ecke Jr. Flower and Garden Show at the San Diego County Fair, and a “Save Our Water Day” on Saturday, June 19 at the fair. As part of the Save Our Water Day, the first 1,000 families through the gates received “Save Our Water” conservation goodie bags. Staff also helped to arrange speakers on landscaping, conservation and water supply topics. The Water Authority and member agencies also promoted a coupon offer for discounted fair admission in exchange for completing the “Save Our Water” campaign’s online water conservation survey. Approximately 9,000 people took the survey, and nearly 3,000 redeemed the coupon at the fair.

Water supply and shortage presentations were made to the Poway City Council, San Diego County Grand Jury, Kensington Clean Energy Fair, Latino Unity Coalition, and MWD's Sustainability Forum. Since June 2007, 372 presentations have been completed, with 196 taking place since January 2009.

The Water Authority provided information to the public via booths at community events, including Fiesta Del Sol, Juneteenth, the San Diego County Fair and ASID Interiors Tour. Staff also provided conservation materials for Save Our Water Day at the San Diego County Fair and for Olivenhain Municipal Water District's Water Awareness Festival.

About 42,300 unique visitors logged onto 20gallonchallenge.com between May 1, 2010 and July 31, 2010. The Water Authority-sponsored garden design web page received about 3,800 visitors per month during this time period. Staff also distributed water supply and conservation updates through email newsletters to the 20gallonchallenge.com and *WaterSource* e-newsletter distribution lists. The Water Authority Facebook fan page was also regularly updated with conservation and water-supply related information.

The effect of postponing the water bond on the other Bay-Delta bills (Information)

Purpose

This memo discusses the effect a postponement of the 2010 water bond will have on the entities and activities established by the other bills in the 2009 Bay-Delta legislative package.

Background

In November 2009, the California Legislature passed, and the Governor signed, a package of bills that were intended to provide a comprehensive solution to the problems of water supply reliability and ecosystem declines in the Sacramento River/San Joaquin River Delta. Four of the bills established various programs and governance entities, while the fifth bill put a water bond on the November 2010 general election ballot in the amount of \$11.14 billion.

The water bond measure was put on the November 2010 general election ballot as Proposition 18. However, on June 29, the Governor announced his intention to ask the Legislature to move the water bond to the 2012 general election ballot. The general economic climate and some political factors had convinced the Governor that the bond measure would be more likely to pass in 2012 than in 2010. On August 9, the Legislature passed AB 1265 (Caballero/Jeffries/Ma), a bill that postpones the water bond measure to the November 2012 ballot; the Governor signed the measure into law.

The water bond will provide funding through seven chapters:

- Delta Restoration - \$2.25 billion
- Surface Storage - \$3.0 billion
- Water Supply Reliability - \$1.4 billion
- Drought Relief - \$455 million
- Resources Conservation and Watershed Protection - \$1.785 billion
- Groundwater Protection and Cleanup - \$1.0 billion
- Water Recycling and Efficiency - \$1.25 billion

At the July 23 meeting of the Imported Water Committee, committee chairman Dan McMillan asked staff to discuss the effect on the programs and governance entities created by the other four bills, if the water bond measure fails to pass or is postponed.

Discussion

Postponement of the water bond measure will not have a major effect on the programs and governance entities created by the four policy bills. Some near-term projects will be delayed, but most of the longer-term projects are still only in the environmental

documentation and planning stages. Those projects will not be ready to proceed until 2012 at the earliest. Funding from previously approved bonds and other sources carried over from the CALFED program will be adequate to sustain the programs and governance entities through 2012.

The first policy bill, SBx7-1, established a governance structure for the Delta. The overarching entity for governance in the Delta is the Delta Stewardship Council. The Council has the authority to develop a Delta Plan and require other state and local agencies to conform their plans with the Delta Plan. The Council consists of seven members and has taken over the funding and staff of the previous California Bay-Delta Authority. SBx7-1 also creates an Independent Science Board, a Delta Conservancy, and a Delta Watermaster position within the State Water Resources Control Board. Finally, the bill reconfigures the Delta Protection Commission, an agency that oversees land use in the Delta.

The next policy bill, SBx7-6, provides for a voluntary system of groundwater monitoring in groundwater basins around the state.

After that, SBx7-7 provides a mechanism for achieving the Governor's goal of a 20 percent reduction in per capita water use by the year 2020.

Finally, SBx7-8 removed a provision from law that exempted Delta water users from reporting their diversions from the Delta.

There are planning processes already moving forward that will be incorporated into the programs created by these bills. The most important of these processes is the Bay-Delta Conservation Plan (BDCP), which will provide the regulatory approvals and the framework for achieving the co-equal goals of water supply reliability and ecosystem restoration. The BDCP is expected to be completed in 2011 or early 2012.

During the debate on the legislative package, some stakeholders suggested that the policy bills should not go into effect until the water bond measure was approved by the voters. These stakeholders were concerned that the costs of the programs and entities created by the policy bills would fall on local agencies and water suppliers if the bond were not passed. However, the proponents of the bill package believed that, even if the water bond were delayed a few years, it would be better to have the programs and governance structures in place and moving forward in completing their planning and environmental documentation, rather than risk further delay.

The water bond measure was intended mostly to fund the restoration of the Delta ecosystem and to provide partial funding for one or more new reservoirs. These projects are still in the environmental documentation stage and will not be ready to move forward until 2012 at the earliest. Postponement of the bond will not affect these projects to any great extent.

The programs that would be most affected by the postponement or failure of the water bond are the programs established in SBx7-1. The Delta Stewardship Council has funding identified for its projects and programs through 2012 from accounts it carried over from the California Bay-Delta Authority. Council staff say that the Council is adequately funded from existing sources through completion of the Delta Plan. However, when the Delta Plan and the Bay-Delta Conservation Plan are completed, the Council will need to have bond funds to carry out the ecosystem restoration projects that will be included in the BDCP.

The Delta Conservancy will be the mechanism for acquiring land and restoring habitat. It will depend on bond funding from the Delta Restoration chapter to accomplish its goals, as they are set out in the Delta Plan. Again, the BDCP will not be completed until mid-year 2011, and the projects called for by that plan will not be ready to proceed until at least 2012.

The Delta Protection Commission is locally funded, but it will require some bond funds to carry out its economic sustainability plan. There is funding in the bond to protect local farming and community values.

As to the programs created by SBx7-6, SBx7-7, and SBx7-8, they are not dependent on the bond. These bills create mostly local efforts that will be eligible for bond funds, but not dependent on them.

On the whole, postponement of the water bond measure to 2012 will not affect the programs created under the other four bills in the 2009 Bay-Delta legislative package. However, extended delays after 2012 could create major problems in achieving the co-equal goals of water supply reliability and ecosystem restoration.

Government Relations Update (Information)

Discussion

This report is an update of the Water Authority's government relations program.

Legislative Activities

The Legislature returned from its summer recess on August 2. All policy committees have completed their work for the session and bills were either in the respective Appropriations committees, or on the floors of the Senate or the Assembly. The final day of the regular 2009-2010 legislative session is August 31.

The Legislature has reacted to the discovery of inflated salaries at the City of Bell with two bills. AB 1955 (De La Torre) has been amended to penalize charter cities that pay compensation to management employees that are greater than those set forth in existing law for general law cities. The bill will also amend the Brown Act to require that a local agency executive officer discloses the contents of his or her contract seven days prior to the meeting where the agency's legislative body ratifies the contract in open session. SB 501 (Correa) will require that all local agencies post on their websites the compensation of all elected or appointed "officers," defined as those officials who are required to file Form 700 with the FPPC.

SB 501 will have an effect on Water Authority employees and directors, who will have their compensation posted. AB 1955 primarily affects charter cities, but the change to the Brown Act will have an effect on the Water Authority's general manager and general counsel. These officers will have to disclose their contracts for seven days prior to the board's approval of those contracts in open session.

State Budget

As of August 10, there was no state budget. The Legislature took a recess during the month of July. Some negotiations among legislative leaders occurred during that time. By August 10, the members of the majority party in the two houses had agreed upon a budget that balances through a mixture of spending cuts and increased taxes. The budget conference committee has reported out that budget. The Governor has said he will not agree to a budget that relies on increased taxes, but that the sides are now only \$4 billion apart.

The Controller has continued to say that, without a budget in place, the state will run out of cash to pay its bills by the end of August. The state will have to prioritize its expenditures and issue IOUs to vendors and creditors it cannot afford to pay. Without a budget, the state has difficulty borrowing short-term cash, at least at affordable interest rates. Balancing the California budget in

this year of fiscal roadblocks will require a zealous pursuit of just and wise negotiations involving maximum cooperation.

Proposition 18 – The Safe, Clean, and Reliable Water Supply Act of 2010

In June, the Governor announced his support of an effort to postpone the water bond measure to 2012. Two bills were prepared that postpone the water bond measure and make some additional technical changes to the water bond bill. The Secretary of State set a deadline of August 9 to pass the bills, due to her timelines for printing and distributing ballot pamphlets and ballots. The Legislature passed both bills during the evening of August 9. The bill that postponed the water bond measure required a two-thirds vote and passed by the bare minimum 27-7 in the Senate and 54-22 in the Assembly. San Diego's Senators all voted for postponement, as did all of San Diego's Assemblymembers except Joel Anderson and Lori Saldaña.

Legislative Alert System

The Legislative Alert system was used in July to inform member agency legislative coordinators about bill recommendations and other activities in Sacramento and Washington, D.C.

Lobbyist Activities

Jonathan Clay of Carpi and Clay will provide a separate report of the firm's monthly activities.

John White of V. John White Associates' activities in July included:

- Meeting and discussions with Jeff Volberg, Jonathan Clay, and Bob Giroux regarding legislation and state budget issues and political developments.
- Participation in regularly scheduled conference calls with Water Authority Board leadership and agency management.
- Meetings and discussions with Kip Lipper, Senator Steinberg's Chief Environmental Advisor, and other Senate and Assembly legislative staff regarding legislative and political issues of interest to the Water Authority, including appointments to Bay Delta Stewardship Council, Administration and Legislative budget issues, and various legislative proposals.
- Meetings and discussions with lobbyists for environmental groups, water agencies, and agricultural water users.
- Meetings and discussions with Senator Christine Kehoe, Assembly Members Manuel Perez, and Mary Salas.

Bob Giroux of Lang, Hansen, O'Malley & Miller reports that he performed the following lobbying activities on behalf of the Water Authority in July:

- Met with key legislative staff in the Assembly Speaker's and the Senate President Pro Tem's offices for intelligence gathering on postponement of the water bond measure on the November ballot;
- Meetings, discussions, and conferences calls with San Diego Water Authority lobbyists and management to discuss new developments, strategy, and assignments; and
- Weekly conference calls with board Chair Bud Lewis and Legislation, Conservation and Outreach Committee Chair Marilyn Dailey.

Washington, D.C.

Congress has recessed for the month of August. The Senate intends to recess for the year on October 8, which leaves it with only the month of September remaining to address legislation.

The Senate Committee on Energy and Natural Resources passed the House version of the Hoover Dam Power Reallocation Act, H.R. 4349, on which the Water Authority board adopted a position of Support. The bill is now on the Senate floor, from which it stands a good chance of passing before the Senate adjourns for the year.

Ken Carpi of Carpi & Clay will provide a separate report of the firm's monthly activities in Washington, D.C. and provide oral remarks to the committee.

Status Report on Legislation and Legislative Positions (Information)

Background

Water Authority staff is currently reviewing 183 bills in the state Legislature and Congress for potential impact on the organization and its member agencies. Some of these bills are placeholder bills that do not propose substantive changes in the law, but which may be amended to propose such changes.

The Water Authority's staff and legislative advocates review each bill in the context of the adopted 2010 Legislative Policy Guidelines. The Legislative Policy Guidelines provide direction to staff and the Water Authority's legislative advocates to communicate support or opposition to legislation and amendments. Bills for which staff recommends a position are brought before the Legislation, Conservation and Outreach Committee and the board for consideration.

The California Legislature reconvened from summer recess on August 2. The final day for a bill to be passed in the 2009-2010 legislative session is August 31. The Governor will have until September 30 to sign or veto bills passed by the last day of session.

Discussion

As of August 9, 2010, the board is sponsoring two bills in the Legislature, has taken a position of Support on eight bills, a position of Support, if amended on one bill, and a position of Oppose on nine bills. An Oppose, unless amended position adopted previously on one bill was changed to a neutral position when the bill was amended in keeping with amendments sought by the Water Authority. The board has adopted a Support position on five federal bills and an Oppose position on one federal bill.

The Water Authority adopted a position of Support on the Safe, Clean and Reliable Water Supply Act of 2010, the water bond measure which was set to appear on the November 2, 2010 ballot as Proposition 18. The Governor requested that the Legislature pull the measure from the ballot and delay it until the November 2012 general election. The Legislature in turn passed AB 1265 (Cogdill), a measure to postpone the water bond vote until November 2012. The Governor signed the bill on August 9.

The board adopted a position of Oppose on Proposition 16 which appeared on the June 8, 2010 statewide ballot; that measure was defeated by voters 52.5 percent to 47.5 percent. The board has also taken a position of Support on Proposition 22, which will appear on the statewide ballot on November 2, 2010.

Water Authority staff and its legislative advocates will continue to track and monitor bills throughout the legislative session to ensure consistency with board policies, positions and the 2010 Legislative Policy Guidelines. Attached is a chart outlining current positions on legislation of interest to the Water Authority as of August 9, 2010. Also, attached is a comprehensive list of bills that are under review and are being monitored by staff and legislative advocates.

AUTHOR: Galgiani [D]
TITLE: Local Water Supply Projects: Inventory
FISCAL COMMITTEE: yes
URGENCY CLAUSE: no
INTRODUCED: 02/16/2010
DISPOSITION: Pending
LOCATION: Assembly Water, Parks and Wildlife Committee
SUMMARY:

Requires the Department of Water Resources to conduct a statewide inventory of local regional water supply projects and post the results of the inventory on the department's Internet Web site.

STATUS:

02/25/2010 To ASSEMBLY Committee on WATER, PARKS AND WILDLIFE.

CA AB 1886

AUTHOR: Yamada [D]
TITLE: Water Use: Sacramento-San Joaquin Delta Watershed
FISCAL COMMITTEE: yes
URGENCY CLAUSE: no
INTRODUCED: 02/16/2010
LAST AMEND: 03/17/2010
DISPOSITION: Pending
LOCATION: Assembly Appropriations Committee
SUMMARY:

Requires the Department of Water Resources, in preparing and updating the California Water Plan, to include a report on the progress toward meeting the goals for conservation, development, and use of the water resources of the state by reducing reliance on the Sacramento-San Joaquin Delta in meeting the state's future water supply needs.

TITLE: Public Officers: Incompatible Offices.
FISCAL COMMITTEE: no
URGENCY CLAUSE: no
INTRODUCED: 02/17/2010
LAST AMEND: 06/23/2010
DISPOSITION: Pending
LOCATION: Senate Local Government Committee
SUMMARY:

Amends existing law that prohibits a public officer including an appointed or elected member of a governmental board, commission, committee, or other body, from simultaneously holding two incompatible public offices. Provides examples of situations when two public offices are incompatible. Specifies when a member holds an office that may exercise powers over another office.

CA SB 104	AUTHOR: Oropeza [D] TITLE: Global Warming Solutions Act: Nitrogen Trifluoride FISCAL COMMITTEE: yes URGENCY CLAUSE: no INTRODUCED: 01/27/2009 ENACTED: 10/11/2009 DISPOSITION: Enacted LOCATION: Chaptered CHAPTER: 331	

SUMMARY:

Amends the Global Warming Solution Act of 2006. Includes in the definition of greenhouse gas nitrogen trifluoride. Provides that violation of the Act may be a crime. Incorporates changes into the Health and Safety Code.

STATUS:

10/11/2009 Chaptered by Secretary of State. Chapter No. 331

CA SB 133

AUTHOR: Corbett [D]
TITLE: Groundwater: Wells, Exploratory Holes, Excavations
FISCAL COMMITTEE: no
URGENCY CLAUSE: no
INTRODUCED: 02/09/2009
ENACTED: 10/11/2009
DISPOSITION: Enacted
LOCATION: Chaptered
CHAPTER: 563
SUMMARY:

Authorizes the Alameda County Water District to establish a permit program with regard to the construction, operation, decommissioning, abandonment, or destruction of wells, exploratory holes, or other excavations for the purpose of protecting groundwater. Establishes a procedure for the abatement as a public nuisance of any abandoned or unused well, exploratory hole, or other excavation that creates or threatens to create a water contamination hazard. Creates a lien for the related costs by the district.

DISPOSITION: Pending
LOCATION: Senate Rules Committee
SUMMARY:

Makes technical, nonsubstantive changes to definitions in the Safe Drinking Water, Clean Water, Watershed Protection and Flood Protection Bond Act in provisions regarding grants for groundwater storage projects that produce water supply benefits for local agencies and water users.

STATUS:
02/18/2010 To SENATE Committee on RULES.

CA SB 1107 **AUTHOR:** Kehoe [D]
TITLE: Water Quality: Interceptor and Trap Grease
FISCAL COMMITTEE: yes
URGENCY CLAUSE: no
INTRODUCED: 02/17/2010
LAST AMEND: 05/24/2010
DISPOSITION: Pending
LOCATION: Assembly Agriculture Committee
SUMMARY:

Requires the State Water Resources Board to develop, adopt, and implement regulations that include specified requirements, for a manifest system to track the transportation of interceptor and trap grease. Requires the imposition of a fee to cover the costs involved. Creates a related fund for the fee moneys. Makes a violation of these provisions a circumstance with which the registration certificate for the transport of inedible kitchen grease may be revoked.

STATUS:
06/30/2010 In ASSEMBLY Committee on AGRICULTURE: Not heard.

CA SB 1173 **AUTHOR:** Wolk [D]
TITLE: Recycled Water
FISCAL COMMITTEE: yes
URGENCY CLAUSE: no
INTRODUCED: 02/18/2010
LAST AMEND: 08/02/2010
DISPOSITION: Pending
COMMITTEE: Assembly Appropriations Committee
HEARING: 08/12/2010
SUMMARY:

Defines rainwater and raw water under the Porter-Cologne Water Quality Control Act. Declares the use of raw or potable domestic water for nonpotable municipal or industrial uses, irrigation of landscaping, floor trap priming, cooling towers, and air-conditioning devices is a waste or unreasonable use of water if recycled water is available. Prohibits a person or public agency from using raw or potable water that is suitable for nonpotable municipal or industrial uses if suitable recycled water is available.

STATUS:
08/04/2010 In ASSEMBLY Committee on APPROPRIATIONS: To

Suspense File.

CA SB 1234

AUTHOR: Kehoe [D]
TITLE: Water: Unreasonable Use
FISCAL COMMITTEE: yes
URGENCY CLAUSE: no
INTRODUCED: 02/19/2010
DISPOSITION: Pending
LOCATION: Senate Natural Resources and Water Committee
SUMMARY:

State Water Resources Control Board requires the board to adopt regulations to identify unreasonable uses of water during various periods of water shortage set forth related legislative findings and declarations.

STATUS:

03/04/2010 To SENATE Committee on NATURAL RESOURCES AND WATER.

CA SB 1284

AUTHOR: Ducheny [D]
TITLE: Water Quality
FISCAL COMMITTEE: yes
URGENCY CLAUSE: no
INTRODUCED: 02/19/2010
LAST AMEND: 06/23/2010
DISPOSITION: Pending
COMMITTEE: Assembly Appropriations Committee
HEARING: 08/12/2010
SUMMARY:

Amends the mandatory waste discharge requirements in accordance with the federal Clean Water Act and the state Porter-Cologne Water Quality Control Act. Provides that a failure to file a discharge monitoring report is not a serious waste discharge violation if the discharger submits a specified statement. Specifies penalty assessment requirements. Relates to a effluent limitation time schedule for compliance by waste dischargers.

STATUS:

08/04/2010 In ASSEMBLY Committee on APPROPRIATIONS: To Suspense File.

CA SB 1294

AUTHOR: Hollingsworth [R]
TITLE: Natural Community Conservation Plans
FISCAL COMMITTEE: no
URGENCY CLAUSE: no
INTRODUCED: 02/19/2010
DISPOSITION: Pending
LOCATION: Senate Natural Resources and Water Committee
SUMMARY:

Relates to the Department of Fish and Game. Authorizes the use of both state and local community conservation corps.

STATUS:

03/04/2010 To SENATE Committee on NATURAL RESOURCES AND WATER.

CA SB 1339

AUTHOR: Huff [R]
TITLE: Water

FISCAL COMMITTEE: no
URGENCY CLAUSE: no
INTRODUCED: 02/19/2010
DISPOSITION: Pending
LOCATION: Senate Rules Committee
SUMMARY:

Makes technical, nonsubstantive changes to existing law which provides that any person, firm, or corporation, and their lessees, trustees, or receivers, who sell, lease, rent, or deliver water to any person, firm, corporation, municipality, or any other political subdivision, whether under contract or otherwise, is a public utility, and is subject to provisions of the Public Utilities Act.
