

San Diego County
Water Authority

Metropolitan Water District's 2010/11 Proposed Rates and Charges

**Imported Water Committee
January 28, 2010**

MWD 2010/11 Budget

- MWD sales and exchanges
 - 2010: 1.9 maf, includes 150 taf SDCWA exchanged water
 - 2011: 2.0 maf, includes 160 taf SDCWA exchanged water
- Proposed expenditures: \$1.74 Billion
 - \$328M for capital projects (\$90M PAYG proposed to reduce long-term costs and to reach debt service coverage target)
- Rising revenue requirements (\$1.28 Billion) due to increased SWP delivery costs, debt service, PAYGO capital funding, and power costs on the Colorado River

Two Rate Scenarios presented

Sales & exchanges of 1.9 maf for CY 2010; 2.0 maf for CY 2011

San Diego County
Water Authority

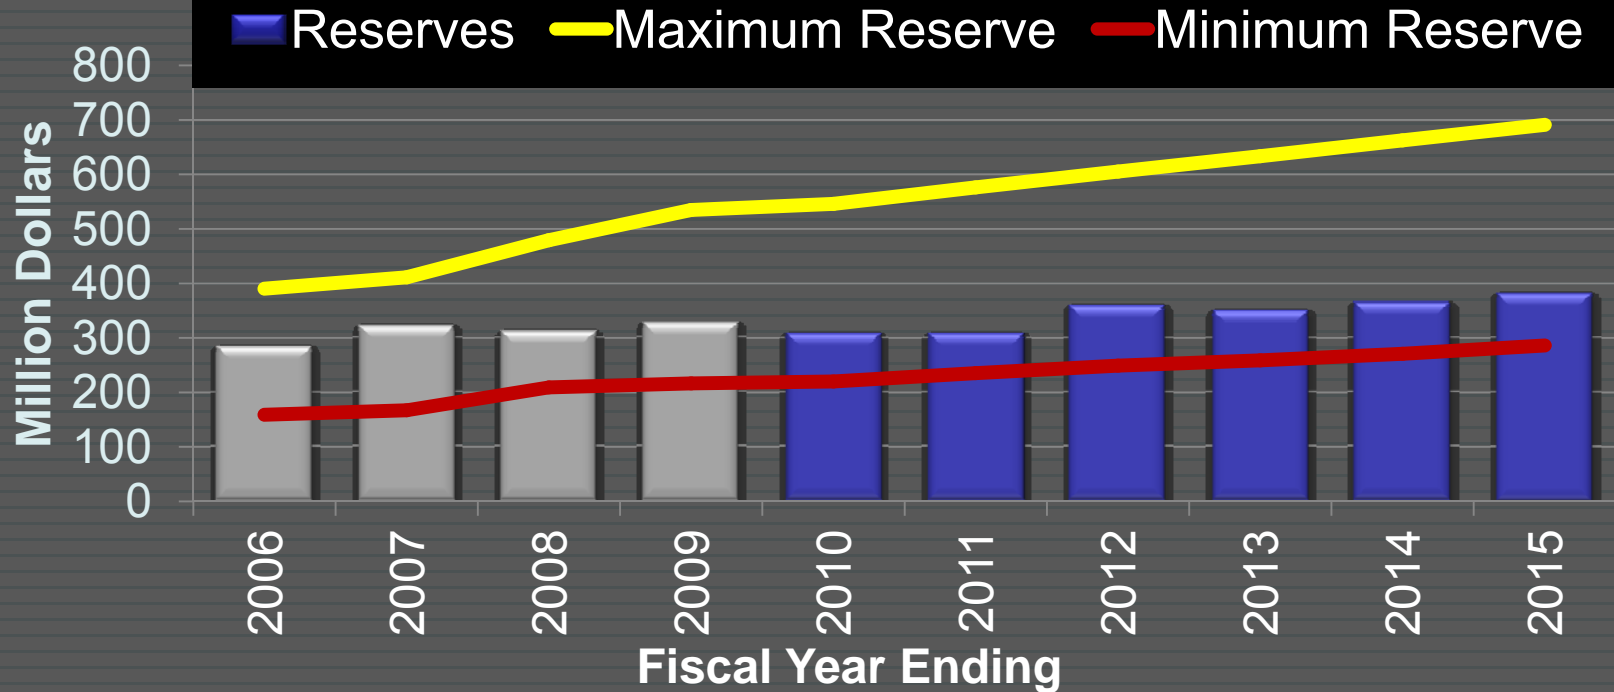

o Single-year rate increase

- Recovers full cost of service in 2010/11
- “Average” increase of 12.6% on 1/1/11

o Two-year rate increase

- Recovers full cost of service in 2011/12
- Adopts a two-year rates/charges
- Requires draws from reserves in 2010/11
- “Average” increase of 7.5% each in 2011 and again in 2012

Single-Year Rate Increase

AVG RATE INCREASE	2006	2007	2008	2009	2010	2011	2012	2013	2014	2015

Untreated Wheeling/Exchange Rate	\$314	\$395	\$81	25.8

Single-Year Rate Increase

Individual Rate Elements

Rates and Charges Effective January 1

	2010	2011	Change \$	Change %
Tier 1 Supply Rate (\$/AF)	\$101	\$112	\$11	10.9
Delta Supply Surcharge (\$/AF)	\$69	\$51	\$(18)	-24.1
Tier 2 Supply Rate (\$/AF)	\$280	\$280	-	-
System Access Rate (\$/AF)	\$154	\$217	\$63	40.9
Water Stewardship Rate (\$/AF)	\$41	\$43	\$2	4.9
System Power Rate (\$/AF)	\$119	\$135	\$16	13.4
Treatment Surcharge (\$/AF)	\$217	\$217	-	-
Readiness-to-Serve Charge (\$M)	\$114	\$135	\$21	18.4
Capacity Charge (\$/cfs)	\$7,200	\$7,200	-	-

Impact to Water Authority

- “Average” rate increase at MWD \neq increase to Water Authority
- MWD services Water Authority purchases: treated water, untreated water, IAWP, and exchange (wheeling)
- MWD rate proposal disproportionately impacts exchange (wheeling) rate
 - “Exchange rate” increase is 25.8% under single-year rate increase

Impact to the Water Authority

(cont.)

- o CRACA Committee's findings used as basis for developing Water Authority's FYs 2010 and 2011 budget
- o Adopted multi-year budget incorporated MWD's average rate increase of 19.7 percent effective on September 1, 2009 and a forecasted average rate increase of 20 percent for CY 2011
- o One-time 2011 MWD average rate increase of 12.6% to Water Authority in 2011 is consistent with underlying assumptions of the rate forecast presented in the adopted multi-year budget (~20%)
- o Two-year MWD average rate increase of 7.5% per year to Water Authority is slightly less than assumed in the adopted multi-year budget

Reduced Sales Represent Risk

- If sales decreased by 100 taf
 - Single-year rate increase of 16.0% in 2011
 - Two-year rate increase of 10.5% per year in 2011 and 2012
- If sales decreased by 300 taf
 - Showed a rate increase scenario of 7.5% increase per year in 2011 and 2012
 - Sharply reduced PAYG expenditures to minimum for FYs 2011 – 2013
 - Significant rate increase in CY 2013 (29%) still not enough
 - Increased reserve draws resulting in reserves falling below minimum levels in FYs 2011 – 2014

Next Steps

- o MWD board budget workshops: January 26 & February 23
- o Public hearing on rates: March 8
- o Budget, rates and allocation adoptions: April 13
- o Water Authority jointly funded study with the cities of Long Beach and Los Angeles and Calleguas Municipal Water District to review MWD's 2010/11 budget
- o Following the conclusion of IRP strategic policy discussion, a comprehensive rate structure review and cost of service adjustment will follow
- o Staff to continue to provide updates on actions taken

Calendar Year

RECOMMENDATION

MWD Supply Rate Forecast

* MWD projections from 2/24/09 budget presentation

MWD Budget Assumptions

- o Water sales and exchanges of 1.93 MAF
- o State Water Project allocation of 35 percent
- o Colorado River Aqueduct Deliveries of 1.2 MAF
- o Continued discontinuance of replenishment sales and interim agricultural water sales curtailment

Revenue Requirements

- o Revenues required from rate and charges: \$1.39 Billion
 - \$68.9M higher than 2009/10 budget, \$148.3M higher than 09/10 projected
 - \$77M lower than forecasted in 2009/10 as needed for 2010/11
 - Lower projected expenditures in 2009/10 resulting in higher reserves
 - Lower debt service projection
 - Reductions in supply program cost assumptions: lower Drought Water Bank purchases, lower LRP yield from 5-year action plan

Impact of Two-Year Rate Increase

AVG RATE INCREASE	2%	3%	6%	14%	20%	7.5%	7.5%	5%	5%	5%
PAYGO, \$M	88	95	43	30	37	95	125	125	125	125
