Attention: Administrative and Finance Committee

Monthly Treasurer's Report on Investments and Cash Flow

Purpose

The purpose of the Treasurer's Report is to provide monthly financial information to the Board of Director's.

Attached for review by the Administrative and Finance Committee and the Board of Directors is the Treasurer's Report as of March 31, 2016. The reports are formatted to provide information as required by the California Government Code and the San Diego County Water Authority's Annual Statement of Investment Policy, which was last adopted by the Board on December 10, 2015. A brief description of each report follows:

Portfolio Master Summary: This one page report summarizes all cash and investments held by the Water Authority.

Portfolio Characteristics: This one page snapshot shows the Water Authority's portfolio holdings by type and percentage; the maturity distribution of the portfolio; the portfolio yield for the past twelve months, with and without bond-related funds, compared to a rolling average yield of the Board adopted benchmark; the credit quality of the portfolio's holdings; the cash flow projections for the next six months; and relevant market information.

Chandler Portfolio Summary: This one page snapshot shows the Chandler Asset portfolio holdings including average duration, coupon, yield and ratings; account summary; top issuers; issuer allocation; maturity distribution; and the managed portfolio yield compared to the benchmark.

Portfolio Details - Investments: This report takes the summary information listed in the Portfolio Master Summary and provides details of active investments.

Activity Summary: This one page report produces a thirteen-month rolling summary of portfolio investment activity.

The Water Authority's portfolio is diversified among investment types, with a current concentration toward short-term maturities. This concentration is the result of cash flow needs, as well as the current historic low interest rate environment. The portfolio is comprised of high quality investments, with 75 percent currently invested in AAA rated or AAA/AA+ split-rated securities. In March 2016, the Water Authority's overall portfolio yield rose from 0.91 percent to 0.92 percent and continues to exceed the investment benchmark of 0.63 percent. Bond Fund proceeds for the Water Authority's Capital Improvement Program expenditures are expected to be drawn down over the next twelve months.

All investments have been made in accordance with the San Diego County Water Authority Statement of Investment Policy. This report provides documentation that the Water Authority has
